EMPLOYMENT

Software Developer at ThoughtWorks

2015 – Current

Offline first application – PRAXIS

- PRAXIS was a chrome app which enables user to enter data in offline and syncs data to server whenever it comes to online. PRAXIS app is optimized in such a way that it can sync data under very low internet conditions. Worked in complete agile environment. Played crucial role in migrating our existing chrome app to Progressive Web App. Technologies: Javascript, AngularJS, RequireJS and serviceWorker.

EDUCATION

Rajiv Gandhi University of Knowledge Technologies, APIIT, RK Valley

2009 – 2015

- B.Tech. Computer Science Engineering (2011-2015). CGPA: 8.22/10.
- Pre University Course (2009-2011). CGPA: 8.90/10.

Sri Vivekananda High School

2004-2009

- SSC, Board of Secondary Education, Andhra Pradesh. Percentage: 92.8.

TECHNICAL SKILLS

- JavaScript, Python, JAVA, Spring MVC, Docker, SOLID principles, Test Driven Development

INTERESTS

- Software Development
- Object Oriented Design
- Application security
