

## EDUCATION

---

**Rajiv Gandhi University of Knowledge Technologies, APIIT, RK Valley** **2009 – Current**

- B.Tech. Computer Science Engineering (2011-2015). Current CGPA: 8.22/10.
- Pre University Course (2009-2011). CGPA: 8.90/10.

**Sri Vivekananda High School** **2004-2009**

- SSC, Board of Secondary Education, Andhra Pradesh. Percentage: 92.8.

## TECHNICAL SKILLS

---

- **Programming Languages:** C, Python and Java.
- **Web Technologies:** PHP, MySQL and JavaScript.
- **Operating Systems:** Linux and Windows.
- **Frameworks:** Spring MVC.

## INTERESTS

---

- Algorithms and Data structures
- Ethical Hacking
- Web application Development

## TECHNICAL EXPERIENCE

---

- **Training Management System-Intern project** (May 2014- July 2014): Developed responsive user interface using Twitter Bootstrap. Wrote code for nominations module, attendance module, file management and improved efficiency of the application by rewriting the modules. It has been developed in Java using Spring MVC framework. Team size-15.  
**Skills:** Java, Spring MVC, HTML, CSS, JavaScript.
- **Online Programming Judge** (Dec 2014- Jan 2014): This is individual web project that hosts programming contests and executes the user submitted code on server side. I developed new session management that works for both Python and PHP.  
**Skills:** PHP, Python.
- **Hall Management Center** (Jan 2013- April 2013): Web application that automates various book keeping activities such as student mess bills, complaints, room rents, amenities, information regarding hostels, hall employ attendance, expenses and grants from chairman. Developed user interface, attendance module, complaints module and database design. My job also included assigning tasks to team mates, reviewing their code, application security and Integration. Team size-5.  
**Skills:** PHP, HTML, CSS, JavaScript.

## ACHIEVEMENTS

---

- Won **first prize** in **Hack the Box**, a national level command line based hacking competition held at **ATMOS'13**, the technical festival of BITS Pilani, Hyderabad.
- Won **first prize** in **Hack-Tricks** Zonal lag, a national level competition on Ethical Hacking and Cyber security organized by **Techfest 2013**, IIT Bombay.
- Won **third prize** for presenting working model of “**Automated Street Lights**” in RKV-INNOVATIONS 2012 held at RGUKT-IIIT-RK Valley.
